

# Africa and Middle East Mobile Opportunities **2010-2014**

Your essential guide to understanding the size, scope and major players of this growing regional mobile market

## Contents

|  |           |
|--|-----------|
| <b>Mobile Market Overview .....</b>      | <b>10</b> |
| Technology Status .....                  | 11        |
| Data Services .....                      | 12        |
| SMS .....                                | 12        |
| MMS.....                                 | 12        |
| Mobile E-mail .....                      | 14        |
| Mobile IM.....                           | 14        |
| <b>Country Profiles .....</b>            | <b>17</b> |
| Algeria.....                             | 17        |
| Subscribers and Penetration .....        | 17        |
| Technology Status .....                  | 17        |
| Key MNOs' Information .....              | 17        |
| Strategies and Developments .....        | 18        |
| Bahrain .....                            | 19        |
| Subscribers and Penetration .....        | 19        |
| Mobile Messaging Data.....               | 19        |
| Technology Status .....                  | 19        |
| Key MNOs' Information .....              | 20        |
| Strategies and Developments .....        | 20        |
| Democratic Republic of Congo (DRC) ..... | 21        |
| Subscribers and Penetration .....        | 21        |
| Mobile Messaging Data.....               | 21        |
| Technology Status .....                  | 21        |
| Key MNOs' Information .....              | 22        |
| Strategies and Developments .....        | 22        |
| Egypt.....                               | 23        |
| Subscribers and Penetration .....        | 23        |
| Mobile Messaging Data.....               | 23        |
| Technology Status .....                  | 24        |
| Key MNOs' Information .....              | 24        |
| Strategies and Developments .....        | 24        |
| Ghana .....                              | 25        |
| Subscribers and Penetration .....        | 25        |
| Technology Status .....                  | 25        |
| Key MNOs' Information .....              | 26        |
| Strategies and Developments .....        | 26        |
| Iran.....                                | 27        |
| Subscribers and Penetration .....        | 27        |
| Mobile Messaging Data.....               | 27        |
| Technology Status .....                  | 27        |
| Key MNOs' Information .....              | 28        |
| Strategies and Developments .....        | 28        |
| Iraq.....                                | 29        |
| Subscribers and Penetration .....        | 29        |
| Technology Status .....                  | 29        |
| Key MNOs' Information .....              | 29        |
| Strategies and Developments .....        | 29        |
| Israel .....                             | 31        |
| Subscribers and Penetration .....        | 31        |
| Technology Status .....                  | 31        |
| Key MNOs' Information .....              | 32        |
| Strategies and Developments .....        | 32        |
| Jordan.....                              | 33        |
| Subscribers and Penetration .....        | 33        |
| Technology Status .....                  | 33        |
| Key MNOs' Information .....              | 33        |
| Strategies and Developments .....        | 34        |
| Kenya.....                               | 35        |
| Subscribers and Penetration .....        | 35        |
| Mobile Messaging Data.....               | 35        |
