Worldwide and regional mobile handset and smartphone shipment forecasts to 2013

Key features of this essential new market study:

- Worldwide and regional mobile handset and smartphone shipment forecasts to 2013
- Graphic-heavy, text-light slideshow format with highly accessible data points
- Over 30 graphs and pie charts with accompanying bullet point analysis

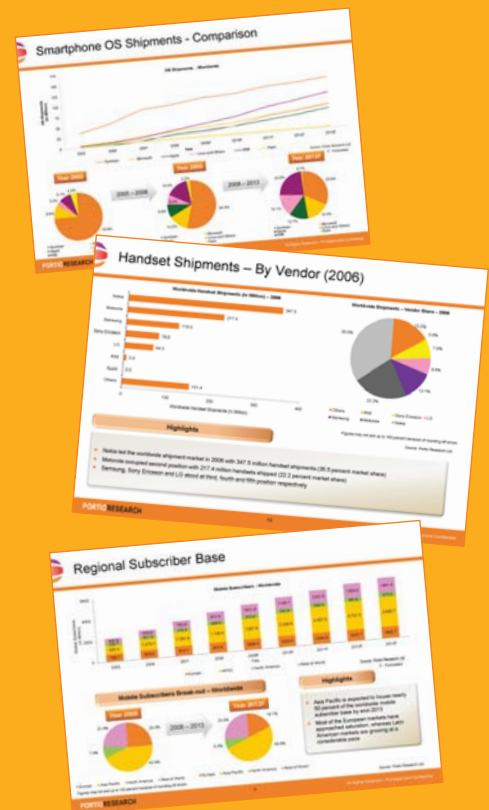

About this market presentation

While the current economic climate has unquestionably meddled with the mobile handset shipments market and its vendors, worldwide mobile subscribers are still projected to grow by around 2 billion to reach nearly 6 billion by end-2013 and handset shipments will of course climb with these additions.

In seven succinct sections, this information packed and valuable new 40 slide presentation details not just the level of worldwide handset shipment growth to 2013, but vitally displays growth by region, the extent to which smartphone penetration will increase, and which smartphone operating system will be dominant, plus bonus sections covering 3G handset shipments, camera phone penetration and more.

The seven sections of the Mobile Handset Shipments Databank 2009 are:

- Introduction – Worldwide Subscriber Base
- Handset Shipments – Worldwide and Regional
- Worldwide Handset Shipments – Vendor Comparison
- Worldwide Handset Shipments – Revenues
- Smartphone Shipments – Worldwide and Regional
- Worldwide Smartphone Shipments by Operating System
- Additional Handset Shipments Data
