

Worldwide Directory of Mobile Network Operators 2004-2005

Your essential reference guide to the worlds mobile network operators and how to contact them. Fully updated for Q4 2004.

**NEW! FOR
Q4 04**

Key features of this new directory:

The directory lists mobile networks in the following regions:

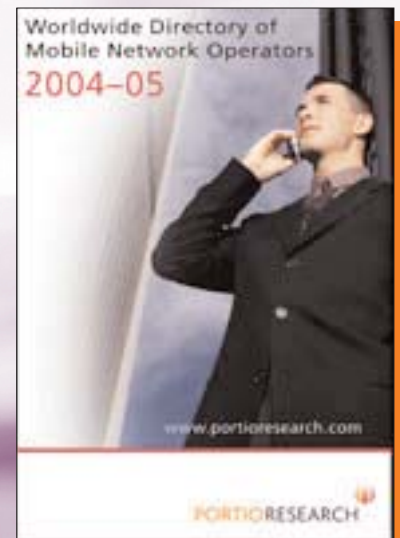

- Africa: 124 networks
- Asia Pacific: 122 networks
- Central Asia: 58 networks
- Eastern Europe: 63 networks
- Western Europe: 120 networks
- Latin America: 136 networks
- Middle East: 33 networks
- North America: 21 networks

Total: 678 networks listed.

The directory offers contact information for each network operator, including:

- Network operator name
- Network brand name
- Network technology
- Address
- Phone number
- Fax number
- Web address
- Email address

Where possible, we have also included market share or up-to-date subscriber data.

About the Portio Research Worldwide Directory of Mobile Network Operators 2004-2005.

This directory is an essential reference tool for any company that sells any product or service to mobile network operators (MNOs), or indeed to anyone who needs to quickly and easily identify and contact MNOs around the world. The Portio Research Worldwide Directory of Mobile Network Operators 2004-05 lists 678 mobile networks in total, including 87 3G networks.

The directory lists mobile networks in the following regions:

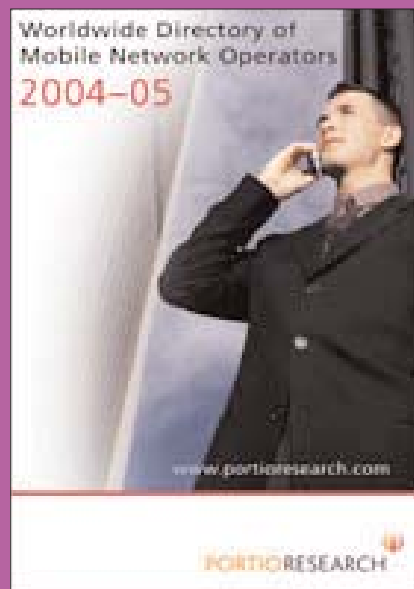

- **Africa:** 124 networks, 3 3G networks.
- **Asia Pacific:** 122 networks, 27 3G networks.
- **Central Asia:** 58 networks, including 4 largest in Russia, 23 networks in India.
- **Eastern Europe:** 63 networks, 3 3G networks.
- **Western Europe:** 120 networks, 37 3G networks.
- **Latin America:** 136 networks, including 16 in Brazil, and 8 3G networks.
- **Middle East:** 33 networks, 5 3G networks.
- **North America:** 21 networks, including 13 largest in USA, and 4 3G networks.

Total: 678 networks listed, 87 3G networks.

The directory offers contact information for each network operator, including:

- Network operator name
- Network brand name
- Network technology (includes GSM, CDMA, TDMA, W-CDMA, CDMA2000 1xEV-DO, EDGE and others)
- Network launch or start date
- Territory covered/service area
- Address
- Phone number
- Fax number
- Web address
- Email address

Where possible, we have also included market share or up-to-date subscriber data, which is available for approximately half of all entries, mostly in Europe, North America and AsPac. As with any directory product, in some cases not all the data is available, but the great majority of entries contain information in all categories, and this directory offers an extremely useful reference tool for sales and marketing teams working across the globe. Each regional section is also complete with an introduction, including our regional subscriber forecasts 2004-2010 and some background notes on each regional market. 2.5G and 3G networks.

Order your copy of this essential reference tool now – available as a 227 page PDF document, this directory is packed with contact information to help you identify and target mobile operators around the world.

Also published in 2004: Mobile Data Deployment Strategies 2004-2010, see www.portioresearch.com for details.
